The Foundation's Ambassadors (a volunteer group of key community leaders) stand ready to share their experiences with the Foundation with prospective donors. The Foundation currently has approximately \$12 million under its management for donors.

Beyond its services to donors are its programs and collaborations that actively support area nonprofits. KITSAP COMMUNITY FOUNDATION

PROVIDING GUIDANCE & SUPPORT TO COMMUNITY INVESTORS

The Kitsap Community Foundation (KCF) is committed to improving life and connecting people who care with causes that matter. As a philanthropy services organization, we help Kitsap County residents maximize both the social impact and tax benefit of their giving. Our resources make it easier to match the most effective nonprofits to a donor's favorite philanthropic interest, enabling clients to achieve far more than they could by themselves.

HISTORY

In January 1993, a small group of concerned citizens met to discuss ways to raise money for local schools. The founders believed the problems facing education could be directly linked to the many problems society

itself is struggling with. In order to truly benefit children, the problems must be attacked in the broadest sense. This is where the idea of forming a Community Foundation emanated. The Foundation could serve to not only provide support to

address community issues, but that it would serve to assist those committed to philanthropy to provide for community needs in perpetuity through endowments. We see it as our job to be actively involved in our community.

FOCUS

Effective stewardship: KCF makes wise financial investments for donors and effective grant investments to our communities.

Strong leadership: KCF is committed to bringing fresh approaches to solving tough issues in the Kitsap communities.

Strategic partnership: KCF connects resources to needs, organizations to organizations, and people to people.

KCF believes that informed, engaged donors with the tools and support for effective philanthropy will make the communities thrive. Whether investors wish to support a broad area of interests, teach children or

grandchildren responsible charitable giving, support educational opportunity, or refer clients to an organization that can support charitable interests, KCF is here to help. Regardless of the financial capability, KCF offers simple, straight-forward avenues to contribute long-term to the Kitsap community.
